IOS Developer

Profile

Passionate and dedicated software developer with years of experience in programming. Proficient in Java, frontend technologies (HTML/CSS/JavaScript, React), and iOS development (Swift, UIKit, SwiftUI). Skilled in building robust applications and exploring various design patterns. Eager to leverage my skills and knowledge to contribute effectively to innovative projects.

Areas of Expertise

- Programming Languages: Java, Swift - Frontend Development: HTML, CSS, JavaScript, React, SCSS, Bootstrap - iOS Development: UIKit, SwiftUI, CoreData, Realm - Design Patterns: MVC, MVVM - Project Management Tools: Git, GitHub

Education

Bachelor of Education (B.Ed)

Alexandria University, Faculty of Education

Graduation Year: 2024

Professional Experience

- Created iOS applications using Swift, UIKit, and SwiftUI, integrating features like CoreData for data management.
- Implemented design patterns such as MVC and MVVM to enhance code structure and maintainability.
- Published apps on personal GitHub repository like netflix clone , uber clone , clima app and theards clone
- Continuously learned and applied new iOS development techniques through online resources and courses.

Online Courses & Certifications

Online Courses:

- HTML, CSS, JavaScript, Bootstrap - *Osama Elzero Web School*
- React - *Ahmed Nasser (YouTube)*
- iOS Development - *Udemy Course by Angela Yu*

Skills

- Programming Languages: Java, Swift, JavaScript
- Frontend Development: HTML, CSS, React, SCSS, Bootstrap
- iOS Development: UIKit, SwiftUI, CoreData, Realm
- Design Patterns: MVC, MVVM
- Version Control: Git, GitHub
- UI/UX Design: Responsive design principles, User interface prototyping
- Software Development Tools: IntelliJ IDEA, Xcode, Visual Studio Code
- Problem-Solving and Analytical Skills: Debugging, Algorithm design
- Soft Skills: Team collaboration, Communication, Time management
